

## **[Privacy Policy for Japanese Modelica Conference 2018 (hereinafter "the Conference")]**

### **■ Privacy policy of ANSYS Japan K.K., the organizer of the Conference**

Customers' personal information that ANSYS Japan K.K. (hereinafter "ANSYS") obtains as customers register to participate in the Conference, submit questionnaires at the ANSYS booth or take similar actions will be used for the purposes specified in the section below, "Policy for Handling Personal Information." Other personal information obtained by ANSYS will also be used in accordance with this Policy for Handling of Personal Information. Please read this Policy carefully.

### **■ Request for your consent to provide personal information to sponsors**

All the information you supply in the questionnaire, including your personal information, will be provided to the sponsors of the Conference (see the list below) with your consent. The information provided to the sponsors will be used for their respective events, products, services or marketing activities. ANSYS will never provide your personal data to any third party or any of the sponsors mentioned above without obtaining your consent.

---

## Policy for Handling Personal Information

### 1. Purpose of using personal information

The personal information obtained by ANSYS will be used for the following purposes.

- To provide information on products and services of ANSYS and the sponsors by telephone, email, postal mail or other means
- To provide information on seminars and other events planned or joined by ANSYS and the sponsors and to send invitations to such events
- To provide information on the distribution of materials and other documents relating to the Conference
- To analyze the Conference attendees' needs and expectations for products and services of ANSYS and the sponsors
- To share information with subsidiaries and affiliates of ANSYS and the sponsors
- To provide information to distributors, partners and other third parties dealing with the products and services of ANSYS and the sponsors
- Other purposes of use that fall within the above scope

Please be advised that the purpose of use and other conditions specified above will apply to the information of customers who are notified of or give their consent to specific purposes of use of their personal information stated by ANSYS and the sponsors.

### 2. Matters concerning the retained personal data
