General regulations

§1 Name and location of the association

The name of the association is Modelica Association, abbreviated as MA.
The association has its seat in Linköping, Sweden.

§2 Purpose of the association

MA is a non-profit, non-governmental organization with the aim of developing and
promoting the development and application of the Modelica computer language (also
named Modelica modelling language-) for modelling, simulation and programming of
physical and technical systems and processes. MA will thus own and administrate
incorporeal rights related to Modelica, including but not limited to trademarks, the
Modelica Language Specification, Modelica Standard Libraries, etc., which should be
generally available for the promotion of industrial development and research.

§3 Membership and annual fee

Membership in MA is open to individual persons who agree to work in accordance with
the purpose of the association and follow the bylaws of the association.

Membership in MA is also open to companies, institutes, universities or other
organizations, which agree to support the purpose of the association and follow the
bylaws of the association.

Thus there are two types of members: individual members and organizational members.
An organizational member has to appoint an individual person affiliated to the organization to represent the organization in all matters related to the MA. This person is the organization’s liaison member. The benefits granted to organizational and individual members are decided by the Assembly. The voting rules are further specified in these Bylaws.

A person applying for membership must reveal his/her major affiliations with relevance to MA interests and keep the Assembly informed of important changes in affiliations.

Membership is approved by the Assembly, after written application which must be submitted to MA at the latest two weeks before the annual general meeting or ordinary Assembly meetings.

Further directives on the application procedure will be decided by the Assembly.

Resignation from MA applies immediately after written application to MA.

An individual member has one vote, in accordance with the regulations specified in more detail in these Bylaws.

Each member is obliged to pay the corresponding annual fee which is determined at the annual general meeting. The annual fee for individuals should not be so high that it impedes the membership of individuals.

§4 Financial year

MA’s financial year is from January 1 to December 31.

§5 Decision-making bodies, etc.

MA’s highest decision-making body is the Assembly.

The Assembly meets at least two times per year, of which one of the meetings will be the annual general meeting and the others ordinary Assembly meetings. A meeting may also take place via an extra annual meeting.

MA’s Board consists of: a Chairperson, a Vice-Chairperson, a Secretary, a Treasurer and a maximum of five additional Board members that are responsible for specific operational areas. The number of additional Board members and their duties for the upcoming election period is defined at the latest in the assembly meeting before the annual general meeting or the extra annual meeting where the election takes place.
Between meetings The Board is MA’s point of contact. The Board will follow the applicable regulations and decisions made by the Assembly.

The Chairperson will lead MA’s negotiations and work at the Assembly. In the absence of the Chairperson the Vice-Chairperson will take over. The Assembly has the right to approve individuals to be present and have the right to speak at the meeting.

The minutes of MA’s meetings will be recorded by the Secretary or a person delegated by the Assembly. The minutes will be signed by the Chairperson of the meeting and at least one other member of the Assembly present at the meeting.

At each meeting there will be a clause in the minutes where the presence of individual members is noted. Any members who arrive/depart during the meeting will be noted on arrival/departure.

The Assembly constitutes a quorum when at least nine voting members are present, one of whom is the Chairperson or Vice-Chairperson.

§6 Signing authority

The Chairperson, Vice-Chairperson and the Treasurer each individually have signing authority for the firm of MA.

The Assembly can authorize a private person, with the limitations determined by the Assembly, to be a signatory for the firm of MA. This authority may be revoked at any time by the Assembly.

§7 Auditing

The operations and accounts of MA will be annually inspected by two accountants designated by the Assembly at the annual general meeting. The appointment of the accountants applies for the time specified in these Bylaws.

§8 Changes to bylaws

Any changes to these Bylaws must be approved by the Board and require identical decisions made by a two thirds (2/3) majority of the Assembly at two consecutive annual or extra annual meetings, held with at least two months in between.

§9 New Modelica releases
New releases of the Modelica Language specification, and of Modelica Association libraries, such as the Modelica Standard Library and the ModelicaReference library, shall be approved by the Board and by the Assembly with at least two thirds (2/3) of the number of votes submitted.

If the final Modelica Language release specification documents are not complete at the time of the meeting, the Assembly may decide, with at least two thirds (2/3) of the number of votes submitted, to perform a confirmation vote electronically after the meeting when the final release documents are available, but not later than three months after the meeting. A vote for the release of a Modelica Association library can always be performed electronically.

An email voting has to be announced at least 2 weeks before the voting takes place, and the final documents must be generally available at least 1 week before the vote. The voting period is 6 working days. Every member of MA can vote. The same voting rules as for an Assembly meeting applies. Email votes shall be sent to all members of MA. A vote counter elected at the Assembly meeting summarizes the result and sends it to all members of MA.

§10 Personal and Organizational Library Officers

For every Modelica Association library or sublibrary, one or more library officers are assigned that are responsible for the maintenance and for the further organization of the development. Other persons may also contribute, but the final decision for library improvements and/or changes is performed by the responsible library officers. If a library is maintained by several library officers, it is up to them to organize their decision process. In case there is no special agreement, library officers of a library shall perform a decision by voting. A positive vote requires at least 2/3 of the provided votes.

In order that a library or sublibrary is ready to be released, the responsible library officers have to report the changes to the members of MA (usually via the release notes). Feedback and improvement suggestions shall be taken into account. The library shall be made available for beta testing to interested parties before a final decision. MA libraries shall only use language elements of the published Modelica language specifications. A new release is formally decided by voting of the Modelica Association members according to §9.

A library officer can be either defined by person, independently from the person’s affiliation or it can be an organizational library officer. In the latter case, the library officer is appointed by his/her organization and the organization can at any time perform a new appointment. A library officer need not be a member of the Modelica Association. Library officers are assigned in one of the following ways:

(1) When a new library or sublibrary is provided, a copyright transfer contract has to be signed between the contributor(s) and the Modelica Association, or the contributor(s)
(2) New library officers can be assigned by the current ones for the same library/sublibrary, if at least 2/3 of the provided votes of the current library officers are positive, and provided no Modelica Association decision stands against it.

(3) Initial library officers may be defined (if not defined in a copyright transfer or license contract), library officers may be removed and/or new library officers may be appointed, if library officers resign and/or library officers do not work well for the further development of the library and/or do not work in the interest of the Modelica Association. All such decisions shall be approved by the Board and by the Assembly with at least two thirds (2/3) of the number of votes submitted.

§11 Dissolution

To dissolve MA two identical resolutions by the Assembly are required at two consecutive annual general meetings. The number of votes submitted for dissolution must exceed at least three fourths (3/4) of the number of votes at each meeting.

A decision on dissolution may only be made after the matter has been approved by The Board.

The Assembly must call an annual general meeting before the end of May after the previous financial year.

The Assembly also has the right to admit a person as a member during the second meeting during the twelve-month period that the person is present at.

A member needs to pay the annual membership fee during the year in order to maintain membership. To exercise voting rights, the fee shall have been paid before voting is performed.

An organizational member may exercise voting rights either through representatives who must be individual members of MA, through its liaison member, or through an appointed representative acting for the organization. An appointed representative has to be given mandate for a meeting or assembly by informing the board in writing at least one week prior to the start of the meeting or assembly. Each such representative has one vote. An individual member who accepts to be a representative of an organization at a meeting can not exercise his/her voting rights as an individual member during that meeting.

A member must be present at a meeting to execute his/her voting rights.
A motion is passed when a proposal receives more than 50 percent of the votes of the members who are present. In the event of more than two alternatives, the two alternatives with most votes are contested in a final vote.

If a member so desires, election of persons will take place by secret ballot.
